Step 6: Click “Enter details” and fill out the Request details form -- select US West region and NDsr MI300X v5. Please note that the NDsr MI300X v5 family might be listed in the “Currently unavailable” section of the Quota dropdown.

Enter “96” in the New Limit field:

The screenshot shows the 'Request details' form in the Azure portal. The form is divided into two main sections: 'Request details' and 'Advanced diagnostic information'. The 'Request details' section includes a 'Deployment model' dropdown set to 'Resource Manager', a 'Choose request types' section with 'Increase quota / expand access region' selected, and a 'Locations' dropdown set to '(US) West US'. Below this is a table for 'Quotas' with columns for 'Usage' and 'New limit'. The table shows a quota for 'NDsr MI300X v5 Series' with a usage of '0 of 0' and a new limit of '96'. A red box highlights the '96' in the 'New limit' field. The 'Advanced diagnostic information' section includes a 'Support method' section with 'Email' selected. Red arrows point from the 'Enter details' link in the 'Request details' section to the 'Locations' dropdown, and from the '96' in the 'New limit' field to the 'Save and Continue' button at the bottom of the form.
